ECONOMY CLASS

Boarding pass produced: 21.11.2014 01:11 CET

Full route: RIX-BRU-RIX

General Information

1. You have successfully checked in for your flight.
2. This document is your boarding pass which will be required to access the gate area and to board the aircraft. Please check for your departure gate when arriving at the airport on the airport information screens.
3. Carry this document with you at all times. Please also have passport available for identification during your journey.
4. If you are traveling with hand luggage only, you may proceed directly to the gate.
5. If you have baggage to check in, you may do that at a baggage drop-off point or at the check-in desk, depending on the airport. Please note, that there is a checked baggage fee in place and deadline for baggage drop-off corresponds to check-in deadline of your flight!
6. Please be at your departure gate no later than 25 minutes before departure time.
7. If you are holding a paper ticket for your journey please remember to deliver this to the airBaltic gate agent when boarding your flight.

If you have any questions, please contact an agent at an airBaltic check-in counter in the airport.

All Non-Schengen passport holders must proceed for Visa check at airBaltic check-in desk.

Dangerous goods in passenger baggage

For safety reasons, the following articles or materials may not be carried in passenger baggage:

- * Briefcases and security type attaché cases with installed alarm devices or incorporated lithium batteries and/or pyrotechnic material.
- * Explosives, ammunition, fireworks and flares.
- * Gases (flammable, non-flammable, deeply refrigerated and poisonous) such as camping gas and aerosols, carbon dioxide gas cylinders.
- * Flammable liquids such as lighter fuels, paints and thinners.
- * Flammable solids, such as matches and articles which on contact with water emit flammable gases.
- * Oxidizing substances (such as bleaching powder and peroxides).
- * Poisonous (toxic) and infectious substances.
- * Radioactive materials.
- * Corrosives such as mercury, which may be contained in thermometers, acids, alkalis and wet cell batteries.
- * Magnetized materials and miscellaneous dangerous goods listed in the IATA Dangerous Goods Regulations.
